ZCryo - Skin cooling for superficial laser skin procedures.

The Zimmer Cryo devices are intended to minimize pain and thermal injury during laser and dermatological treatments and for temporary topical anesthetic relief with injections.

Adding a Zimmer Cryo device to your practice is a unique and economical way to enhance your offerings. The benefits to your practice are immediate. An investment in the Zimmer Cryo unit can pay dividends in happier patients, referrals and repeat business.

Zimmer Cryo – reliable technology with visible results. Consistently.

To learn more, call 800-327-3576 or e-mail info@zimmerusa.com.

CELEBRATING 30 YEARS 1986 2016

Zimmer MedizinSystems has served the U.S. medical and aesthetic industries from our Irvine, CA office for over 30 years. Founded in 1969 in Neu Ulm, Germany, our parent company, Zimmer MedizinSysteme has firmly established itself as a global innovator of therapeutic and aesthetic technologies.

Maintenance

Dear Zimmer Z*Wave* user:

The importance of regular and effective maintenance of your Zimmer Z*Wave* unit cannot be emphasized enough. The main purpose of regular maintenance is to ensure that your Zimmer Z*Wave* unit is operating at 100% efficiency at all times and thus extending the life of your device.

Through regular periodic inspections and corrective measures minor problems can be detected before they become major issues that could affect your treatment and treatment schedule. The cost of down time has a large impact on your patients, staff, and profitability. Regular and effective maintenance will save you time and money.

Parts and Service

Should your Zimmer Z*Wave* unit require service, you can call us toll free and speak to a Zimmer Z*Wave* service specialist. (We call them our "Z*Wave* Geniuses".) They have extensive knowledge of the Z*Wave* units and can provide you with technical support and troubleshooting options.

If we cannot solve your problem over the phone during the warranty period of your new Zimmer Z*Wave* unit, we will arrange pick up of your unit and exchange it with a quick 48 hour turnaround time at no cost to you. This helps prevent down time and lost revenue from canceled appointments.

We use only original Zimmer factory authorized parts, and with an East coast and West coast location, you can trust Zimmer USA with your service needs. After all, we have sold a multitude of Z*Wave* units globally, so we know a thing or two about them.
